

# Comfort Band Headbands

Keep your ears comfortable and happy with these fabric headbands that have buttons to loop your face mask elastic straps on instead of behind your ears.

Facemasks have become a part of our everyday life. Whether you're wearing them when you go out, at your office, or all day, a headband will keep your ears feeling great.

Bands have been produced and donated to Jewellers for Children by PacTeam Group. All proceeds go directly to benefit children in need.

I would like purchase:
